

Richard H. Baker

Education

1999	Ph.D., Yale University
1989	B.A., Harvard University

Research Experience

2003-present	NIH Postdoctoral Fellow, Joint Genome Institute
1999-2001	Postdoctoral Fellow, University College London

Publications

- Baker, R. H., M. Denniff, K. Fowler, A. Pomiankowski, and T. Chapman. in press. Accessory glands influence time to sexual maturity and mating frequency in the stalk-eyed fly, *Cyrtodiopsis dalmanni*. *Behav. Ecol.*
- Baker, R. H. and G. S. Wilkinson. 2003. Phylogenetic analysis of correlation structure in stalk-eyed flies (genus *Diasemopsis*, family Diopsidae). *Evolution* 57:87-103.
- Meier, R., R. H. Baker, and S. Hilger. 2002. A cladistic analysis of Diopsidae (Diptera) based on morphological and DNA sequence data. *Insect Evol. Syst.* 33:325-336.
- Baker, R. H. 2001. Comparative Methods. Pages 147-162 in *Methods and Tools in Biosciences and Medicine: Techniques in molecular systematics and evolution* (Eds. R. DeSalle, W. Wheeler and G. Giribet). Birkhäuser Verlag.
- Baker, R. H., R. Ashwell, T. Richards, K. Fowler, T. Chapman, and A. Pomiankowski. 2001. Effects of multiple mating and male eye span on female reproductive output in the stalk-eyed fly, *Cyrtodiopsis dalmanni*. *Behav. Ecol.* 12:732-739.
- Baker, R. H. and J. Gatesy. 2001. Is Morphology Still Relevant in Systematics? Pages 163-174 in *Molecular Systematics and Evolution: Theory and Practice*. (Eds. R. DeSalle, G. Giribet and W. Wheeler). Birkhäuser Verlag.
- Baker, R. H. and G. S. Wilkinson. 2001. Phylogenetic analysis of sexual dimorphism and eye stalk allometry in stalk-eyed flies (Diopsidae). *Evolution* 55:1373-1385.
- Baker, R. H., G. S. Wilkinson, and R. DeSalle. 2001. The phylogenetic utility of different types of molecular data used to infer evolutionary relationships among stalk-eyed flies (Diopsidae). *Syst. Biol.* 50:87-105.
- O'Grady P. M., R. H. Baker, C. M. Durando, W. J. Etges, and R. DeSalle. 2001. Polytene chromosomes as indicators of phylogeny in several species groups of *Drosophila*. *BMC Evol. Biol.* 1:6.
- Durando, C. M., R. H. Baker, W. J. Etges, W. Heed, M. Wasserman and R. DeSalle. 2000. Phylogenetic analysis of the *repleta* species group of the genus *Drosophila* using multiple character sources. *Mol. Phylogen. Evol.* 16:296-307.

- Amato, G. M., G. Egan, G. B. Schaller, R. H. Baker, H. C. Rosenbaum, W. G. Robichaud, and R. DeSalle. 1999. The rediscovery of Roosevelt's barking deer (*Muntiacus rooseveltorum*). *Journal of Mammalogy* 80:639-643.
- Amato, G., D. Wharton, R. Baker, and M. Ruvolo. 1999. Molecular systematics for taxonomic placement of a gorilla of uncertain origin. *Zoo Biology* 18:429-32.
- Gatesy, J., P. O'Grady and R. H. Baker. 1999. Corroboration among data sets in simultaneous analysis: Hidden support for phylogenetic relationships among higher level artiodactyl taxa. *Cladistics* 15:271-313.
- Presgraves, D. C., R. H. Baker, and G. S. Wilkinson. 1999. Coevolution of sperm and female reproductive tract morphology in stalk-eyed flies. *Proc. R. Soc. Lond. B* 266:1041-1047.
- Baker, R. H., X. Yu, and R. DeSalle. 1998. Assessing the relative contribution of molecular and morphological characters in simultaneous analysis trees. *Mol. Phylogenet. Evol.* 9:427-436.
- Wilkinson, G. S., H. Kahler, and R. H. Baker. 1998. Evolution of female mating preference in stalk-eyed flies. *Behav. Ecol.* 9:525-533.
- Baker, R. H., and R. DeSalle. 1997. Multiple sources of character information and the phylogeny of Hawaiian Drosophilids. *Syst. Biol.* 46:654-673.
- DeSalle, R., A. V. Z. Brower, R. H. Baker, and J. Remsen. 1997. A hierarchical view of the Hawaiian Drosophilidae (Diptera). *Pacific Science* 51:462-474.
- DeSalle, R., D. Agosti, M. Whiting, B. Perez-Sweeney, J. Remsen, R. Baker, J. Bonocum, and R. Bang. 1996. Crossroads, milestones and landmarks in insect development and evolution: Implications for systematics. *Aliso* 14:305-321
- Wray, C. G., D. K. Jacobs, R. Kostriken, A. P. Vogler, R. Baker and R. DeSalle. 1995. Homologues of the engrailed gene from five molluscan classes. *FEBS Letters* 365:71-74.
- Phelan, J. P. and R. H. Baker. 1992. Optimal foraging in *Peromyscus polionotus*: The influence of item-size and predation risk. *Behavior* 121:95-109
